

BRIGHT BLUE VILLAS

VILLA BELLEVUE

A fabulously restored 15th century wine factory located on the hill of the medieval village of Pyrgos, this modern style villa is a sought-after holiday destination for groups of friends or families, due to its generous outdoor communal spaces and accommodation options.

VILLA BELLEVUE SANTORINI, GREECE

Villa Bellevue in Santorini is a unique property that offers unbeatable comfort and effortless elegance. Having operated in the past as a local wine factory, its restoration project took years of meticulous research, as it is located just underneath the historically important Castle of Pyrgos. With a deep understanding for the traditional organic Cycladic architecture, the owners used the old style of polished cement and eco-friendly materials to create a very sleek and minimal loft-style design.

LAYOUT

Elements of the factory have been incorporated into the property and a huge piece of machinery stands like a magnificent sculpture as the centerpiece in one of the numerous living rooms. Some spaces are cave like and hide their form, while others are expressed as cubic volumes with splendid high ceilings capturing the natural bright blue light. Due to its layout, this property can be split into totally separate and private villas, or hired as a whole – a truly impressive retreat for an unforgettable big family luxurious holiday. All blocks have their own fully equipped kitchens.

Block I: sleeps 6 in 2 master bedrooms and one bedroom with 2 single beds / 1 en-suite bathroom, 1 extra bathroom and 1 WC / outdoor dining for 10 / private yard and jacuzzi

Block II: loft like design, sleeps 4 in 1 master bedroom and 1 loft with double bed / 1 en-suite bathroom, 1 extra bathroom and 1 WC / access to main pool and roof pool

Block III: loft like design, sleeps 4+2 in 1 master bedroom and 1 loft with double bed / 1 en-suite bathroom, 1 extra bathroom / access to main pool and roof pool

Block IV: loft like design, sleeps 2 in master bedroom / 1 en-suite bathroom / rather small kitchen / access to main pool and roof pool

This rare villa boasts generous outdoor spaces; its protected courtyard and the various spaces built around it, coupled with two impressive pool terraces, offer unique choices for alfresco arrangements and entertainment.
